The Opportunity

KPR Mills is able to offer internships to 2 engineering students from New Zealand, 1 from Mechanical and 1 from Electronics. Students will be placed in the R&D Cell as part of teams working on product and process improvement projects for the Mills.

Coimbatore, Tamilnadu

Coimbatore is well-known as the centre of the south-Indian textile and clothing industry. It is a small city by Indian standards with a population of around 4.5 million. The city is dynamic with a great range of cultural and social opportunities. Shopping is a delight in the busy streets and markets and in the cosmopolitan malls. Temples are plentiful. The region includes a great many natural attractions, including lakes and rivers with a great diversity of wild-life. Tiger and elephant reserves are never far away.....
